Introduction to Civil TJIS Reporting

Supreme Court Rule 11, Section II requires the Administrative Office of the Courts (AOC) to maintain statistics of case related information. The Tennessee Judicial Information System (TJIS) compiles data from across the state and produces statistical reports based on the compiled information.

The AOC compiles filing and disposition related data from clerk's offices in each county. All filing records are matched with disposition records as disposed.

When the AOC receives a filing, disposition, or correction record, it is logged, entered, checked for errors, and loaded directly into the centralized TJIS database. After the information is loaded, each disposition is matched to the appropriate filing record. If errors occur, the AOC may contact the clerk's office for assistance in completing or correcting the data.

In an effort to maintain accurate and complete statistics, the AOC creates pending reports to verify the cases that are filed but not disposed. The AOC also sends verification reports to each clerk's office prior to publishing its Annual Report of the Judiciary.

Should you have any questions regarding TJIS reports, forms, or instructions, please contact the Technology Services Division of the Administrative Office of the Courts at 1-800-448-7980 or e-mail at tjis.reporting@tscmail.state.tn.us

Reporting Requirements

Reporting requirements for TJIS are provided in Supreme Court Rule 11, see Appendix page 37.

Preparation of Records and Reporting

Electronic media or paper forms should be submitted and received by the AOC on or before the 15th day of the month following the given reporting period.

For example, the March reports should be received by April 15th. Additionally, the designation "March" reports are those with filing and disposition dates in the month of March.

If there are no filings or dispositions for a given month, fill out the "Civil Case Cover Sheet" form with the location code and court information and write "no filings/dispositions for (specify month)".

Counties that report electronically also need to notify the AOC, by memorandum or filing form that there were no filings/dispositions for a given month. After completion, manual forms or diskettes should be mailed monthly to the following address:

**Administrative Office of the Courts
Technology Services Division
Nashville City Center, Suite 600
511 Union Street
Nashville, TN 37219**

□ Manual Paper Reporting

For counties reporting by paper there are two multi-part forms to be used: Filings and Corrections. Various colors designate which sheets are to be sent and which are to be kept in the clerks' records.

To manually report a filing, the white copy of the Civil Case Coversheet should be completed as the case is filed and sent to the AOC at the end of the month. The yellow copy should be sent to the AOC when the case is disposed. The pink and goldenrod copies should be retained by the clerk's office.

The docket numbers should not contain any spaces or /, - , ' , or *.

All corrections must be submitted on paper forms.

Additional line by line instructions for each of these forms are detailed beginning on page 11.

□ **Electronic Reporting**

For counties that report electronically, a copy of the file layout is found on page 8.

Filing records must include the County Number, Location Code, Court Name, Docket Number, Date of Filing, Type of Suit, Source Code, and General Sessions Appeals.

Disposition records must include the County Number, Location Code, Court Name, Docket Number, Date of Filing, Type of Suit, Date of Disposition, Type of Disposition, Judge's Code, Damage or Torts, Damages Amount, Source Code, ADR, and General Sessions Appeals.

Cases, which are filed and disposed in the same month, should be reported as two records, once as a filing, and once as a disposition.

The court name should be spelled out as Chancery, Circuit Civil, or Probate.

DO NOT put Clerk and Master in the court field.

Must be either 'Chancery', 'Circuit Civil' or 'Probate'.

The docket numbers should not contain any spaces or /, - , ' , or *.

A judge code must be used when reporting electronic records. Do not include the judge name in electronic records. If a new judge, or a judge from another district hears cases and does not have a judge code assigned, please call the AOC to obtain the correct judge code.

Note:
The AOC maintains the most current judge code listing.

All corrections must be submitted on paper forms.

Make sure that diskette labels include the county name, court, month of data, and if needed, whether the disk contains filing and/or disposition data.

LABEL DISKS:
County Name
Court
Month of Data
Filing and/or Disposition

Filenames must have an extension (i.e., filename.txt) and identify which are filings or dispositions, if necessary.

Disks should be placed in disk mailers before submitting to the AOC. If disk mailers cannot be purchased, please wrap the diskette in protective covering and write, "DISK(S) ENCLOSED, DO NOT SCAN" on the outside of the mailing envelope. It is important that the disks not be scanned. Magnetic scanners used by postal services can strip the data from diskettes.

Counties which report electronically are asked to contact the AOC, Technology Services Division by memorandum, or by submitting a filing form marked "No Data for Month of (specify month)", if there are no filing or disposition records to report for a given month. Please indicate County and Court.

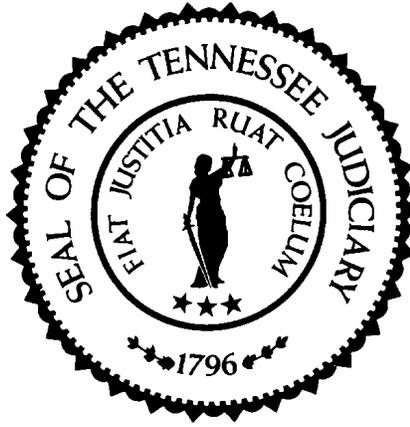

If reporting data by e-mail attachment, please send to the following address: tjis.reporting@tscmail.state.tn.us. If connected to the state's network, the data can be sent to "TJIS Reporting" in the GroupWise Address book. The e-mail should include the County, Court, Month for data being submitted in the subject line, and identify which files are filings and dispositions, if necessary.

FILING INSTRUCTIONS

The filing portion of the *Civil Case Coversheet* should be filled out for each original or reopened filing of a case. (A separate coversheet is used for each case number).

Original filings are defined as any new case filed during the reporting period or any case received on a change of venue from another county or court. All appeals from a lower court are classified as original actions.

Reopened filings are defined as any case that has previously been filed and disposed, but has subsequent action.

For each docket number, there can only be one reopened or original case pending at any given time.

The white copy of the *Civil Case Coversheet* should be completed as the case is filed and sent to the AOC at the end of the month. When the case is disposed, the yellow copy should be completed and sent to the AOC. The pink and goldenrod copies should be retained by the clerk's office.

Includes dismissals initiated by one of the parties for failure to prosecute; reconciliation orders, workers' compensation settlements; compromise and settlement orders. Agreed Orders of Dismissal or Compromise/Agreed Settlements should be reported as 'Compromise/Settlements' not as 'Dismissals'. Typically the parties have reached an agreement and the attorneys or parties have brought the order for the judge to sign. Note that a judge may swear in a witness and hear testimony, as long as the party or parties have come before the judge to have a compromise or settlement finalized by order, this is still reported as a Compromise/Settlement - no court hearing, not as a Non-Jury Trial.
3. Court Approved Settlement	The parties have reached an agreement and appear before the judge. The judge signs the agreement order after hearing whatever evidence he/she deems necessary. The judge may swear in witnesses and hear evidence to satisfy the court that the settlement is valid. This swearing in and presentation of evidence does not constitute a non-jury trial.
4. Uncontested/Default	A defendant either chose not to or failed to contest the plaintiff's allegation
5. Transferred	The removal of a case from the jurisdiction of one court or judge to another by lawful authority. This does not include cases reassigned to another judge within the same judicial district and court, but only those transferred to another district or from circuit to chancery, etc.
6. Dismissal	An order or judgment rendered by the judge finally disposing of an action, suit, motion, etc., without trial of the issues involved. Terminates the jurisdiction of a trial court before a judgment is reached. Such may be either voluntary or involuntary.
7. Trial-Non-Jury (Bench)	A trial is held before a judge. The party or parties have come before the judge seeking a decision based on the merits of their case. Witnesses and evidence are presented and the judge renders a final decision in the case. When at least one witness has been sworn under this scenario, the case is to be reported as disposed by Trial - Non-Jury even if the parties reach a compromise or settlement.
8. Trial-Jury	Trial is held before a judge with jury impaneled. The party or parties appear in court seeking a jury verdict on the merits of their case. Please note that under this scenario once a jury is impaneled, whether they render a verdict or not, the case is to be reported as disposed by Trial-Jury even if the parties reach a compromise or settlement.
9. Other	Any case disposed in a manner not specifically described in one of the other categories.

Multiple Party Dispositions:

If a civil case involves **multiple parties**, only report one disposition for the case. Once judgments have been reached for all parties, the case should be disposed. The highest level manner of disposition should be used in the disposition, using the order of ranking listed below. "Trial - Jury" is the highest level and "Other" is the lowest level.

Highest

- Trial - Jury
- Trial - Non-Jury
- Court Approved Settlement
- Dismissal
- Transferred
- Uncontested/Default
- Compromise Settlement - No Court Hearing
- Withdrawn
- Other

Note:
Do **not** report the case closed until there has been a disposition for **all the parties**.

Lowest

See page 21 for "Manner of Disposition" definitions.

Before such a case is considered closed, an order of judgment must be entered pertaining to all parties, either jointly or individually.

If any of the dispositions involved Alternative Dispute Resolution (ADR), the case disposition should also report that ADR was involved, regardless if that party's disposition was the highest level manner of disposition.

For example, if there were 2 parties involved in a case and one party's manner of disposition was "Trial Non-Jury", and the second party's disposition was "Court Approved Settlement" involving ADR, the case would be reported with the manner of disposition as "Trial, Non-Jury", and the ADR checkbox would be marked as Yes.

Child Support/Interstate Support Cases:

Child support/interstate support cases should be reported closed on the date a support order is entered or on the date of transfer to another state. Do **not** leave cases open until a child reaches age eighteen.

After the final order of a child support case, a subsequent hearing should only be considered a reopening of the case if a petition is filed to change the original order.

Outgoing UIFSA cases can be closed when the "Certificate and Order" is signed and transmitted to the defendant's state of residence. Do not wait for a response from the other state before disposing of the case.

Reconciliation Orders in Divorce Cases:

Reconciliation orders or orders of suspension in divorce cases should be disposed when they are granted.

The case should only be reopened upon further activity, such as a petition.

Note:

After the divorce or the reconciliation order is granted, the case should be closed.

Small Estate Probate:

The disposition date for small estate probate cases should be reported the day the order is signed. In most instances, these cases are filed and disposed on the same day. Since the clerk signs the order for these cases, report the judge as a "special judge" for that district.

Conservatorship:

Conservatorship cases should be reported as disposed to the AOC when the inventory is filed. If the particular case has no inventory issue, it should be reported closed when the conservator is appointed. A reopening should only be filed if there is a matter in the case that will require a hearing before a judge. Annual accountings that do not require a hearing should not be reported as a reopened case.

Guardianship:

Guardianship cases should be reported as disposed to the AOC when the guardian is appointed. A reopening should only be filed if there is a matter in the case that will require a hearing before a judge. Annual accountings or periodic reporting by a guardian that do not require a hearing should not be reported as a reopened case.

Trust:

Trust cases should be reported as disposed to the AOC when the order establishing the trust is signed. A reopening should only be filed if there is a matter in the case that requires a hearing before a judge. Annual accountings that do not require a hearing should not be reported as a reopened case.

Judicial Hospitalization:

Judicial Hospitalization cases should be reported as disposed to the AOC after the second hearing has taken place. In these cases, an initial hearing takes place and the individual in question is placed under a psychiatric evaluation. A second hearing is held after this evaluation period to determine competency. It is at the conclusion of this second proceeding that the case should be reported as disposed. A reopening should only be filed if there is a matter in the case that will require a hearing before a judge.

Medical Malpractice and Other Damages and Torts Disposition Information:

Tennessee Code Annotated, § 16-21-111, requires the clerks of court and the clerks and master to report additional information regarding cases claiming monetary damages for personal injury or death.

If a medical malpractice or damages and torts case has multiple awards, report the total of the original awards.

Note:

Question 11 on the civil case coversheet should be checked yes, only if monetary damages were awarded for case types 451 or 471. If an award was granted, fill in the original award amount.

Things to remember:

- ❑ Only report original dollar amounts on line 11.
- ❑ Only report the Additur and Remittitur amount on line 12.
- ❑ If an additur or remittitur is awarded after the initial disposition of the case, a correction form should be filled out completing line 12 on the form.
- ❑ The original amount recorded should include the total of amounts awarded to all defendants.
- ❑ Cases claiming money for property damage or for loss of right should not be filed as case type "Other Damages/Torts (471)".

TJIS Reports for Data Verification

TJIS data is used for the Annual Report of the Judiciary.

This data is provided to the Office of the Comptroller to generate the annual weighted caseload study. The Comptroller's Office must present the findings of the updated study to both the Judicial Council and the Legislature each year. The data plays an integral part in reviewing and identifying needs for new judgeships, district attorneys general, and public defenders.

The data is also reported to various national judicial publications. It is very important that the data be as accurate and complete as possible.

Careful consideration should be given to these reports since the data is used in numerous ways. The following reports are issued to all clerks and judges for verification:

- **Pending Report**

This report is sent quarterly. A date will be listed at the top of the report. The report reflects cases that have been filed prior to that date, but have not been disposed.

- **Audit Report**

Audit Reports are provided on a "request only" basis. They list cases filed and/or disposed during a specific date range. It can be used by clerks and judges to verify case data.

- **Annual Medical Malpractice and Damages and Torts Reports**

Medical malpractice and damages and torts reports list cases disposed by jury or non-jury trials within a specific fiscal year. It is very important that monies awarded in these cases are reported accurately.

The AOC will provide reports upon request.

Instructions for Cleanup of TJIS Pending Reports:

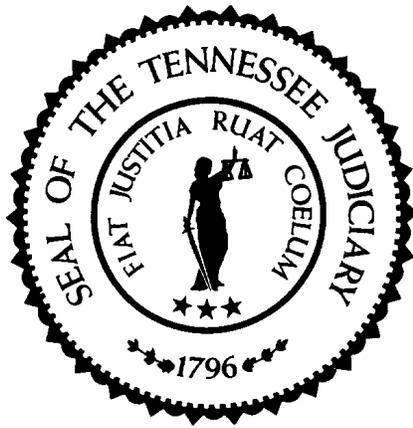

In an effort to make TJIS data as accurate as possible, please complete the following steps when correcting a pending report.

1. Look over each docket number carefully.

If a docket number is listed incorrectly, write (on the pending report) the correct docket number beside the incorrect docket number. If there is a docket number that does not belong, highlight it and indicate that it should be deleted.

2. For cases that are listed on the reports but should be disposed, three pieces of information are required: disposition date, manner of disposition, and judge's name. This information should be written on the pending report beside the docket number and returned to the AOC for correcting.

Please bear in mind that the reports are "as of a specific date". The date should be displayed at the top of the report. If the report shows cases that have been disposed after the date listed for the report, do not submit disposition information for those cases. To simplify this, draw a line through the filing information on the report. **Only draw a line through cases that have been disposed since the date shown on the pending report.**

Frequent Reporting Problems

- **Civil case coversheets missing required filing information.**
Location Code, Court Name, Docket Number, Date of Filing, General Sessions Appeals and Type of Suit are required fields. Please choose only one type of suit. It is extremely important that all information is legible.
- **Reopened cases reported to the AOC with the original filing date.**
When a reopened case is filed, it should be reported to the AOC with the date the case was reopened, not the date of the original filing.
- **Civil case coversheets missing required disposition information.**
Date of Disposition, Manner of Disposition, Judge's Name, Damage or Torts information (if applicable), Damages Amount (if applicable), and ADR involvement are required fields.
- **Reopened case dispositions reported with the original filing date.**
When a reopened case is closed, it should be reported to the AOC with the date the case was reopened, not the date of the original filing.
- **Electronic Media submitted with inaccurate data.**
Please verify that files contain information and accurate monthly data.
- **Diskettes submitted without identifying labels.**
Diskettes should be submitted with County Name, Court, Month of Data, and Filing and/or Disposition written on the diskette.
- **Name changes reported as Other Domestic Relations**
This type of case should be reported as Miscellaneous General Civil (581).
- **Differences in case numbers or filing information when converting to new software, or upon initial automation.**
Contact the AOC prior to changing automated systems.
- **Filing cases with docket numbers that have a prefix or suffix and disposing of cases with a different or without a prefix or suffix on the docket number.**
(Example: Case filed as docket number V23499 and disposed with docket number 23499.)
All cases should be reported with the exact same docket number and filing date.

IN THE SUPREME COURT OF TENNESSEE AT NASHVILLE

IN RE: AMENDMENT TO SUPREME COURT RULE 11, SUPERVISION OF THE JUDICIAL SYSTEM

ORDER

Supreme Court Rule 11, Section II, is hereby amended by deleting the section in its entirety and by substituting in its stead the following:

II. Functional improvement of judicial system - Uniform procedures for data collection in civil and criminal matters in circuit, criminal, chancery, probate, and general sessions courts.

- a. The judicial system of this State henceforth will function as an integrated unit under the direction and supervision of the Supreme Court.

- b. Pursuant to its statutory duty to assist the Chief Justice of the Tennessee Supreme Court in improving the administration of justice, the Administrative Office of the Courts (AOC), working with a committee of representatives from the District Attorneys' General Conference, the Public Defenders' Conference, the Tennessee Judicial Conference, and the Clerks of Court Conference, has developed a procedure for the collection of uniform statistical data on matters filed in the Circuit, Criminal, and Chancery Courts of this state.

- c. The Court finds that the data collection procedure designed by the Administrative Office of the Courts, in conjunction with the above-named committee, will aid in the accomplishment of the AOC's statutory duties, (T.C.A. § 16-3-803(g)), that the collection of statistical data by the AOC is specifically authorized by statute (T.C.A. § 16-3-803(i)); and that all judges, clerks of court, district attorneys general, district public defenders, other officers or employees of the courts, and all staff of offices or employees related to and serving the courts, are charged with complying with all requests for information from the Administrative Director of the Courts. Further, to ensure that comparable data is collected from all of the courts, data collection shall follow the standard definition of a case as set forth in T.C.A. § 16-1-117.

(1) Reporting Forms; Responsibility for Submission. Each clerk of a circuit, criminal, chancery, probate, general sessions, or municipal court with general sessions jurisdiction is responsible for submitting the forms required by this rule to the Technology Services Division of the Administrative Office of the Courts. Submission of forms specified by this rule shall be filed with the AOC not later than fifteen (15) days after the close of the month in which the case was filed and also the month in which it was disposed. Pursuant to the procedure, the AOC will provide a supply of the Civil Case Cover Sheets and the Criminal Case Cover Sheets, FORM NOS. TJIS/CI1 and TJIS/CR1, to the clerks of the Circuit, Criminal, Chancery, and Probate Courts. General Sessions Courts and Municipal Courts with general sessions jurisdiction will be provided with copies of FORM NOS. TJISGSCR1 and TJISGCCV1.

Clerks for courts of record other than juvenile court shall require that any complaint and summons filed to commence, reopen, or reinstate a civil action shall be accompanied by a Civil Case Cover Sheet for reopened cases, FORM NO. TJIS/CI3, which has been completed by the initiating party or his/her representative. The clerks shall also require a new Civil Case Cover Sheet (Reopened Cases) to be completed upon the grant of a new trial. Upon issuance of a final order disposing of the case, the clerk of court shall complete the disposition portion of the Civil Case Cover Sheet in

full. A portion of the cover sheet containing this disposition information shall then be forwarded to the AOC on a monthly basis.

In addition, the clerks of courts of record other than juvenile shall require that any indictment, presentment or criminal information that initiates a criminal action in circuit or criminal court shall be accompanied by a Criminal Case Cover Sheet which has been completed by the district attorney general or his/her office. The clerks shall complete a new Criminal Case Cover Sheet upon the grant of a new trial, upon a case appealed from a lower court, or upon any petition to re-open or reinstate a criminal action. Upon issuance of a final order or judgment disposing of the case, the clerk of the court shall complete the disposition portion of the Criminal Case Cover Sheet for each docket number and all related charges. When all charges on the form have been disposed of, these forms shall be forwarded by the clerk of court, on a monthly basis, to the AOC.

Effective July 1, 2002, clerks' offices that are automated shall report statistical information monthly to the AOC by computer diskette or electronic mail attachment. In the event that a clerk is unable to do so due to technical difficulties, the clerk may report by sending the completed Criminal Case Cover Sheets and/or Civil Case Cover Sheets to the AOC.

(2) Administrative Director; Reports Public Record When Filed. All reports specified by these rules shall be public records. The Administrative Director of the Courts shall publish an annual compilation of the reports. All judges, court clerks, district attorneys general, district public defenders, and officers of the court shall cooperate with the Administrative Director to ensure the accuracy of the reports. As required by statute, the Administrative Director of the Courts shall annually report to the Chair of the Judicial Council, the Chair of the Judiciary Committee of the Senate, the Chair of the Judiciary Committee of the House of Representatives, and the Office of the Comptroller Division of Research and Accountability as to the failure of any judge, district attorney general, district public defender, or court clerk to comply with any of the reporting requirements. Compliance with the reporting requirements includes, but is not limited to, submitting cover sheets within the fifteen (15) day time frame, submitting data every month, submitting data according to Implementation Manual guidelines, and using correct case numbering and definitions.

The Administrative Office of the Courts will provide written notification to any responsible reporting party found not to be in compliance with the statute or reporting guidelines. Written notification will detail the type of non-compliance and recommend the corrective action to be taken. If compliance is not achieved during the subsequent reporting period following notification, the Administrative Office of the Courts will no longer accept data from the office not in compliance, until such time as the error(s) are corrected. Notification of this action will be sent to all judges, district attorneys general, district public defenders, and court clerks within the district that the non-complying office is located in. Notification will also be sent to the District Attorney General Conference, the District Public Defender Conference, the Administrative Office of the Courts, and the County Officials Association of Tennessee. Any periods of non-compliance will also be reported in the annual report to the Judicial Council and the chairs of the House and Senate Judiciary Committees.

The Technology Services Division of the AOC shall provide an Implementation Manual that contains commentary and explanatory material pertaining to these rules and the report forms required by these rules. The Implementation Manual shall also contain a dictionary of terms to be used for case reporting, and how the terms will be defined for reporting purposes.

(3) **Case Numbering.** For purposes of this rule, the term "docket number" is defined as the separate and distinct identification number used for a case once it is filed in criminal, circuit, chancery, or probate court.

An incident is defined as all criminal activity occurring in a twenty-four (24) hour period, committed by a single defendant.

Charges of a related nature shall be defined as charges against a single defendant that may have more than one victim and that are similar such as, but not limited to, burglaries, drug offenses, or serial rape.

A court proceeding is defined as all court activity relating to a case from initial filing through disposition at a single level of court, *i.e.* general sessions, circuit, appellate, or Supreme Court.

A criminal case in a court of record, except juvenile court, is defined as a single charge or set of charges, arising out of a single incident involving the same victim(s), concerning a single defendant in one court proceeding. Accordingly, all charges consolidated into a single proceeding shall be included under one case number. In no instance should separate docket numbers be assigned to each charge when multiple charges are filed against a single defendant when said charges are intended to be handled in the same court proceeding. An appeal, probation revocation, or other post judgment proceeding is considered a separate case.

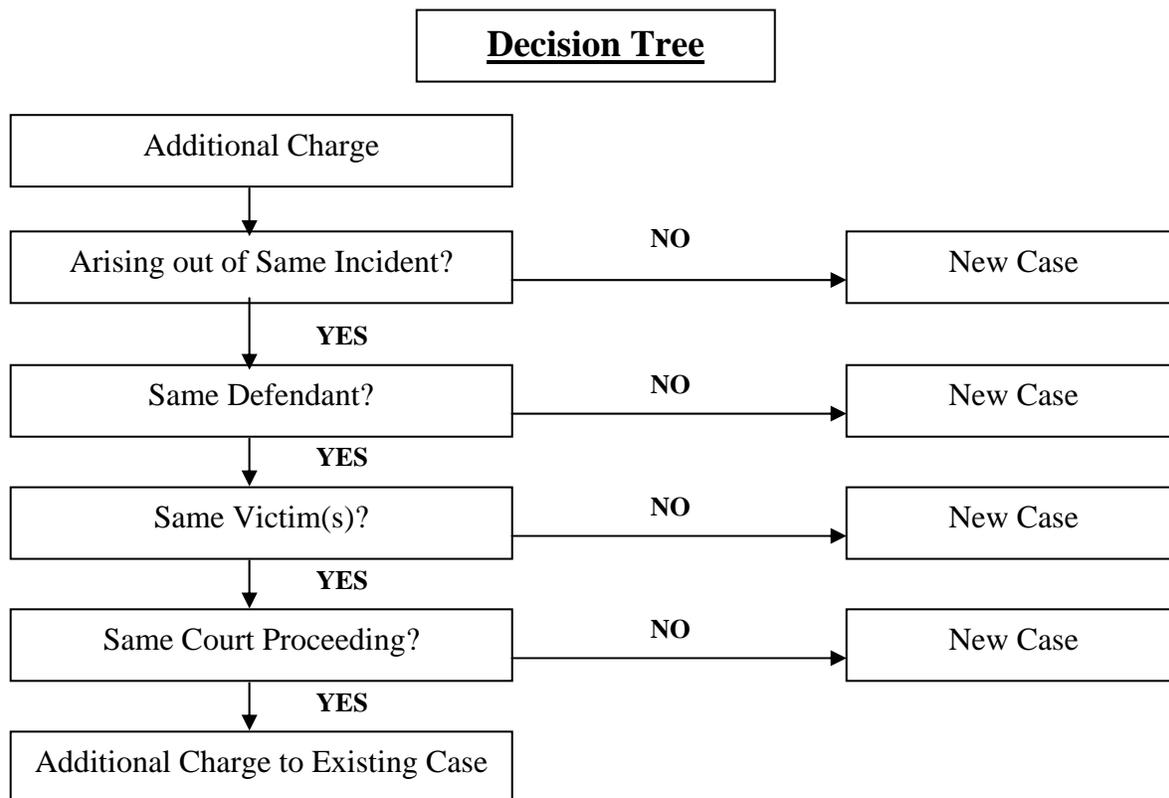

Worthless check cases shall be defined as all worthless checks filed by the same affiant against the same defendant within a twenty-four (24) period with each check as a separate charge under one docket number.

In criminal cases, each defendant shall be assigned a separate case (docket) number. In the alternative, separate defendant identifiers (such as letters) shall be added to the end of the original docket number to reflect co-defendants listed in a single case or charge. In instances where multiple defendants are identified by appending a letter to the docket number, all dispositions must be filed in an identical manner.

District attorneys general shall treat multiple incidents as a single incident for purposes of this rule when the charges are of a related nature and it is the district attorney general's intention that all of the charges be handled in the same court proceeding.

Nothing in this rule is intended to alter or change in any way the Rules of Criminal Procedure governing severance and joinder.

The following diagram is provided as a guidance to properly number criminal cases.

A civil case shall be defined as all motions, petitions, claims, counter claims, or proceedings between the parties resulting from the initial filing until the case is disposed. A docket number will be assigned to a civil case upon filing. Until said cases are disposed all subsequent motions, petitions, claims, counter claims, or proceedings between the parties resulting from the initial filing will be handled under the assigned docket number and will not be assigned a new docket number. Once a civil case has been disposed and further actions occur on the case, the original case will be reopened using the same docket number under which it was originally filed. All subsequent motions, petitions, claims, counter claims, and proceedings relating to the reopened case will be handled under the one reopened case docket number until disposed. Any subsequent reopenings will still use the original docket number.

(4) **General Sessions Reporting** - Effective July 1, 2003, or sooner if practical, all general sessions courts and municipal courts with general sessions jurisdiction shall collect and report to the AOC all civil and criminal case data in accordance with the definitions provided under Part (3) above and guidelines published by the AOC.
